MEMORANDUM FOR: Coordination Staff Director and Group Chiefs

SUBJECT: IC Coverage of National SIGINT Plan/  
Chairmanship of Special SIGINT Review  
Committee

1. The development by General Allen of a National SIGINT Plan and the instructed review of the role of the SIGINT Committee of USIB has interest for most of us on the IC Staff and cuts across the normal steady-state activity. In keeping with the principle of appointing action officers, General Graham has decided that [redacted] [redacted] will be responsible to follow and lead as appropriate on both of these items. I have advised NSA and the Chairman of the SIGINT Committee accordingly.

2. Serving in his capacity as the IC Plans Officer, [redacted] [redacted] has been instructed to keep General Graham and myself fully apprised of progress and to be responsive to all Group interests on these subjects. He will coordinate any IC inputs forwarded on these subjects for the attention of General Graham or the Director. He will also be expected to coordinate with appropriate elements of the Community, including CIA where the subject dictates.
